Mini Hi-Fi System
100W Dock for iPod/iPhone

FWM200D/12

Highlights

100W RMS total output power

RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. Essentially, amplifiers are limited by the electrical energy they can amplify and loudspeakers by the electrical energy they can convert into sound energy, without distorting the audio signal. The higher the wattage, the better the sound power emitted by the speaker.

Dock iPod/iPhone in its case

Smartly designed spring-loaded docking port effortlessly accommodates any iPod or iPhone, without special adaptors. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

MAX Sound

MAX Sound technology produces an instant boost in bass, maximizing volume performance and instantly creating the most impressive listening experience with just the touch of a button. Its sophisticated electronic circuitry calibrates existing sound and volume settings, instantly boosting bass and volume to maximum levels without distortion. The end result is a noticeable amplifying of both sound spectrum and volume and a potent audio boost that will add mileage to any music.

Play & charge your iPod/iPhone

Play your favorite music from your iPod / iPhone. Your iPod / iPhone will be charged when it is in the docking station, so you are always ready to use it when you are ready to go.

USB Direct

With the USB Direct mode, you can simply select the music on a USB device and playback all your content. All you have to do is plug in your USB device to playback music or export content from the device.

Specifications

Sound
- Output power (RMS): 100W
- Sound Enhancement: Dynamic Bass Boost, Digital Sound Control

Loudspeakers
- Main Speaker: 2" tweeter, 2 way, Bass Reflex Speaker System, 5.25" woofer
- Number of Loudspeakers: 2
